Principal's Welcome

I am excited to work as the Principal for Pacific Beach High School again. Previously I was Principal here from 2009-2011 and then again from 2012-2013. Between this time, I have worked as the Deputy Director for Student Support Services for San Luis Coastal School District. For this year, I will continue in both roles. I enjoy working with students and am genuinely thrilled to be working directly with students at Pacific Beach.

I have a few goals for the program at Pacific Beach which are directly relevant to your students. First, I hope that eventually 80% of our students will make a minimum of 13 credits in a quarter. Secondly, I would like to have an average daily student attendance of 90%. Lastly, I hope that 100% of our seniors graduate with a diploma from Pacific Beach this school year. I am confident that if the first two goals can be met, the last would become inevitable.

Please feel free to contact me with any questions or concerns that you have and know that I consider our partnership essential to the success of your student.
